

The Akamai Workforce Initiative (AWI) is managed by the Institute for Scientist & Engineer Educators (ISEE) at the University of California-Santa Cruz.

The Akamai Internship Program is managed by the Institute for Scientist & Engineer Educators at the University of California, Santa Cruz. Funders for the 2020 program include: U.S. Air Force, Hawaii Community Foundation Career Connected Learning Program, National Science Foundation's Daniel K. Inouye Solar Telescope, W. M. Keck Observatory (via NSF AST-1836016), Canada-France-Hawaii Telescope

**INTERNS GET JOBS!
AKAMAI ALUMNI HAVE
SECURED JOBS AT:**

- Akimeka
- Canada-France-Hawaii Telescope
- Daniel K. Inouye Solar Telescope
- Gemini Observatory
- HNu Photonics
- Maui High Performance Computing Center
- Pacific Defense Solutions
- Pacific Missile Range Facility
- Pearl Harbor
- Subaru Telescope and more...

2020 AKAMAI INTERNSHIP PROGRAM

Advancing the next generation of Hawai'i's science, engineering & technology professionals

→ Mentoring

→ Research Project

→ Professional Skills

→ Work Experience

→ ABOUT AKAMAI

→ INTERNSHIP PROGRAM

The Akamai Internship Program is a unique program that combines coursework, a project in high tech, and communication skill building. Through Akamai, college students are placed at a company or observatory on Maui, Hawaii Island, or with TMT in California. Each student completes a project with guidance and mentoring by an engineer or scientist. The Akamai Internship Program has been in place for more than seventeen years, with nearly 400 trained students completing the program.

→ INTERNSHIP EXPERIENCE

Akamai provides an exceptional internship experience:

- Careful matching of student with a good project and mentor
- A preparatory course that gets students ready for the workplace
- 7-week project that will be both educational for the student and valuable for the host organization
- Experienced program staff that support student success
- Communication training
- Opportunities to network with employers

→ INTERNSHIP ELIGIBILITY

This program is designed for all community college and university undergraduates in Hawaii - and also kama`aina studying on the mainland, who are pursuing a career in science, technology, engineering or math (STEM) fields and are over 18 years old.

→ FINANCIAL SUPPORT

Akamai Interns earn stipend payments totaling \$3200 for an 8-week, full-time commitment. Housing, airfare and other support services also available.

→ EXPECTATIONS

- Participants are required to complete the entire eight week program and the program requires full-time commitment.
- Participants must attend all scheduled activities, attend weekly meetings and complete weekly assignments.
- Participants receive communication training and coaching, and give an oral presentation at the end of the summer.

Applicants must be U.S. Citizens or Permanent Residents, be at least 18 years old, and a resident of Hawaii .

→ PLACEMENTS

MAUI:

Institute for Astronomy, Daniel K. Inouye Solar Telescope, HNu Photonics, Akimeka, Air Force Research Laboratory, Pacific Disaster Center, Pacific Defense Solutions

HAWAII ISLAND:

Gemini, Subaru, Institute for Astronomy, Submillimeter Array / ASIAA, PISCES, UH Hilo, Hawaii Electric Light Company, Canada-France-Hawaii Telescope, W.M. Keck Observatory, Natural Energy Laboratory Hawaii Authority, Cyanotech, Liquid Robotics

CALIFORNIA:

TMT Project Office (Pasadena) and TMT / UC Observatories (WFOS) – UC Santa Cruz
